ARTE INTERIOR

CONCEALED HINGES FOR INTERIOR DOORS

The trend for **concealed hinges in interior doors** is rapidly gaining popularity, enabling the elimination of external elements and the creation of an elegantly minimalist room design. These hinges are located inside the door frame, making them completely invisible from the outside and avoiding unnecessary visual clutter.

Advantages of **AXOR Industry's** concealed hinges for interior doors include:

- Use of **high-quality raw materials** ensuring the long service life of hardware;
- **Dyeing on the factory's dedicated lines**, ensuring uniform color and providing additional operational protection;
- **Product testing** in our certified laboratories using specialized robots;
- **A guarantee** for 200,000 door opening cycles, adhering to DSTU EN 1935:2019.

Ability to withstand a load of **up to 60 kg** on two hinges, more than enough for standard interior doors.

AXOR Industry offers concealed hinges for interior doors **in five colors**:

WHITE
RAL 9016

MATTE
CHROME

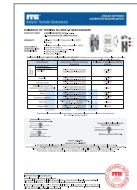

GOLDEN

BRONZE

BLACK
MATTE
RAL 9005

The listed colors are also available in a version with a zinc coated body.

Hinges were tested in independent certified laboratories and received documents certifying their quality. You can download certificates on the website axorindustry.com.

Concealed hinges represent a wise investment in room design, making them an ideal choice for enthusiasts of minimalism and modern interior solutions!

Every month, 2% of the sales of concealed hinges is donated to the collection for mobile frontline hospitals
