WINDOW HANDLES

Choosing the right window handle is an important point, because it will depend on how comfortable you will be using the window. The window handle should be high-quality, functional and harmoniously fit into the design of your room.

That is why AXOR engineers developed **the Star Line series**, which meets all requirements. The main attention, as always, was paid to the high quality of products, which ensures a long service life of the product, and safety in operation. All handles are made of aluminum and high-strength plastic. In addition, we draw your attention to the fact that AXOR window handles are painted on their own line, so as a result you will get a uniform color that pleases the eye. Our goal is to control every stage of production in order to be 100% sure of the quality of the finished product.

The appearance will also not leave anyone indifferent, because currently two types of handles are presented – CARINA and ASTRUM.

Star Line window and door handles are truly stellar quality and appearance!

Main characteristics:

- Shape: oval/rectangular
- Material: aluminum and high strength plastic
- Grid: 45° (8 positions)
- Screws included (2 pcs.): M5x70
- Pin length: 37 or 43 mm

CARINA

Carina handles are timeless classics with an oval pen shape and soft lines in the design.

ASTRUM

Handles made in simple geometric lines, which are harmoniously combined with the modern design of the room.
